### ESTIMATES

The purpose of these sales is to dispose of coin collections to the mutual benefit of the owners, the bidders and ourselves. This is the first catalogue in which we have printed the estimated value of each coin. The values, given in brackets at the end of each lot, are not reserves neither are they inflated values put there to encourage the collector to overbid. They represent, in our opinion, a fair market value for each particular lot. The fairness of the estimates given can be easily verified by a comparison with the list of prices realized. We have purposely omitted placing estimates on United States coins as it is seldom that they are not to be found in the Standard Catalogue of United States Coins & Currency.

---

### PRICE LISTS

A printed list of the prices realized will be sent free to all successful bidders. Collectors who do not bid at a sale may have the list sent to them upon receipt of 6 cents in stamps to pay expenses of postage and handling.
